## Report of Building Committee for the New School Building

The new school building was opened for use at the beginning of the fall term.

As shown by orders drawn, vouchers for which orders are on file in the town clerk's office, the cost of the building and equipment considered necessary for a school was six thousand eight hundred fifty-three dollars and one cent (\$6,853.01).

The equipment consists of a suitable and approved heating and ventilating system for each of the two classrooms. The two coat rooms are heated and ventilated by the same system. There are two toilet rooms of two units each with septic tanks for each toilet room. These tanks are connected by sewer pipe lines to a self-absorbing cesspool. Slate blackboards were obtained from the blackboard slate quarries of Pennsylvania. The building was also wired for electric lights.

The State Board of Education has granted a Superior School rating to the school. There are only forty other schools in the whole state having this distinction.

The building was dedicated on the evening of January 9, 1925, under the auspices of the Parent-Teachers' Association. Clarence H. Dempsey, State Commissioner of Education, and Deputy Commissioner Sheldon gave addresses.

The Parent-Teachers' Association, at its own expense, has given to the school a very efficient and attractive set of lighting fixtures and has voted to pay the electric light bills each month.

Respectfully submitted on behalf of the committee,

JOHN M. BAXTER,  
Chairman.

Newfane, Vt., February 2, 1925.

We, the undersigned, certify that we have examined the orders and accounts of the School Directors and find them correct as printed.

V. W. RANNEY,  
A. O. HOWE,  
PORTER C. THAYER,  
Auditors.

Newfane, Vt., February 2, 1925.

We, the undersigned, certify that we have examined the reports of the several town officers and find that they agree with the figures herewith submitted.

V. W. RANNEY,  
A. O. HOWE,  
PORTER C. THAYER,  
Auditors.

## Report of School Superintendent

### *To the School Board and Citizens of Newfane:*

The following is a brief report of school activities since July 1, 1924. There are eight towns included in this supervisory group: Athens, Brookline, Dover, Grafton, Marlboro, Newfane, Townshend and Wardsboro. In this group of towns there is a school population of 513 distributed among 31 schools. There are thirty rural schools and one high school. There are thirty-four full time teachers and one part time teacher. The scarcity of teachers for the rural schools is still a serious problem.

From the opening of schools in September until January 1, 255 school visits had been made. In making these visits the mileage covered was 2,142 miles. Forty-eight visits were made in the Newfane schools.

During the present year especial emphasis has been placed on Civics, Health Work and Vermont History and Geography. The upper grades are showing a marked improvement in the quality of English work which is being done.

Much interest has been manifested in the contest to see which school in this group could get the best percentage of attendance. At the close of the fall term the cup was awarded to the Brookline Union School. Their percentage of attendance was ninety-eight and four-tenths.

The new schoolhouse in Newfane village is a distinct addition to the community and town. There are only forty other "superior" schools in Vermont and only one other in Windham County. It would be a most desirable thing if the four other schools could be brought up to the rank of "standard" or "superior." This result might be attained if a definite policy extending over a period of years was adopted and consistently followed. The expense of putting one schoolhouse in thorough repair each year would not, at

the end of five years, much exceed the expense of small repair jobs made yearly on all of the schoolhouses.

During the fall term Miss Harriett Davis, dental hygienist, visited all the schools and examined and cleaned the children's teeth. When there was need of dental work the parents' attention was called to this fact. Miss Davis' work was financed entirely by the Thompson Trust Fund. This work is greatly appreciated and we sincerely hope that those who have charge of this fund will feel that this work can be made permanent.

We sincerely wish that the parents and citizens would visit the schools more frequently. During the fall term there were three visitors in the Brookside School, nine in the Grammar, twelve in the Primary, eight in the South School, four in the Williamsville School and four in the Union School. A large part of the public money is used for the support of the schools. It is your privilege and duty to visit the schools and observe the work that is being done.

Those who have charge of the public schools are beset with almost endless problems and difficulties. In carrying on this work we seek your friendly coöperation and support.

Respectfully submitted,

G. W. POWERS,  
Superintendent.

February 1, 1925.

## NOTICE FOR ANNUAL TOWN MEETING

The legal voters of the town of Newfane, Vt., are hereby notified and warned to meet at Grange Hall, Williamsville, Vt., on Tuesday, the third day of March next, at 10 o'clock a.m., to act on the following articles, to wit:

Article 1. To elect a moderator and a town clerk.

Article 2. To act upon the auditors' report.

Article 3. To see if the town will authorize the selectmen to appoint one or two road commissioners for the ensuing year, or elect them by ballot.

Article 4. To elect all town officers required by law for the ensuing year.

Article 5. To see how much the town will vote to pay its officers for the ensuing year.

Article 6. To see what sum, if any, the town will appropriate to help defray the expenses of Memorial Day.

Article 7. To see what sum, if any, the town will appropriate for permanent highways, or for resurfacing.

Article 8. To see what sum of money or per cent of the grand list the town will raise by taxation to defray its expenses and liabilities for the ensuing year, and how it shall be collected.

Article 9. To transact any other business that may legally come before said meeting.

H. W. ADAMS,  
B. E. MORSE,  
H. A. WILLIAMS,  
Selectmen.

Newfane, Vt.,  
February 16, 1925.

Newfane, Vt., February 2, 1926.

We, the undersigned, certify that we have examined the orders and accounts of the School Directors and find them correct as printed.

V. W. RANNEY,  
A. O. HOWE,  
PORTER C. THAYER,  
Auditors.

Newfane, Vt., February 2, 1926.

We, the undersigned, certify that we have examined the reports of the several town officers and find that they agree with the figures herewith submitted.

V. W. RANNEY,  
A. O. HOWE,  
PORTER C. THAYER,  
Auditors.

## School Directors' Report

### *To the Citizens of Newfane:*

So far as I am able to learn or judge excellent work has been done in the schools of the town. Unfavorable criticisms of teachers have been "conspicuous by their absence." The schools have been efficiently supervised by Mr. Powers.

I take this opportunity to make the townspeople better acquainted with some facts regarding financial matters. The variations in teachers' salaries are the result of variations in the amount of state aid which the town will receive from employing such teachers. We continued the policy of previous years in this. The town actually pays eighteen dollars a week. To this is added the sum the town will get from the state for each week such teacher is employed, two, three, four or five dollars, according to the teacher's qualifications and certification.

The extensive repairs made at Union District make the building one of which the town has reason to be proud. In noting the expense please bear in mind that we are to have a rebate from the state of one-third the cash expenditure for these repairs. We also have the assurance of Commissioner Dempsey that we will have a rebate of one-third on the labor for which various citizens gave receipted bills and which involved no cash expense to the town. This item of rebate will amount of over fifty dollars. When these together with the one hundred dollar cash prize and smaller items given in "resources" are deducted, the cost of these repairs are surprisingly low for the work accomplished.

Best of all is the splendid community spirit which made the project possible. If other communities have the same spirit our schools will improve in every way.

We now have fifteen pupils in high schools, an unusually large number, and there will probably be a greater number next September, therefore the amount required for tuition will be larger than ever before.

It would seem that the appropriation for the coming year would need be the same as for the past year.

Respectfully submitted,

MARY J. WHITAKER,  
Clerk and Chairman of School Board.

## Report of School Superintendent

### *To the School Boards and Citizens, Windham Central Supervisory Group:*

The following is the fourth annual report which your present superintendent submits. The number of towns in the Windham Central Supervisory Group remains the same as in previous years. In this group of towns there is a school population of 504, distributed among 30 schools. There are 33 full time teachers and one part time teacher.

From the opening of schools in September until January 1, 238 school visits had been made. In making these visits the mileage covered was 2,296 miles.

The past year has been marked by a decided increase in the number of "standard" schools in this district. There are sixteen "standard" or "superior" schools in Windham County. Of this number, eight are in our district. There are only 29 rural schools in this district so one-fourth are already in the improved class. The list is as follows: Grafton Grammar, Grafton Primary, Marlboro Adams, Newfane Grammar, Newfane Primary, Newfane Union, Townshend Intermediate, Townshend Primary. To be rated as either a "standard" or "superior" school is a distinct honor. In every single instance where a school has been made "standard" or "superior" it has required the coöperation of the teacher, the pupils, the community and the school board. It takes the united effort of all to carry through the project.

Another honor which has come to this district was the awarding of the Proctor prize for improvement to the Union School in the town of Newfane.

Besides the schools which were made "standard" or "superior," extensive repairs were made on the Canaan School in Dover and the Four Corners School in Marlboro.

It is an especially favorable time just now to make permanent repairs. On this type of work the state will rebate one-third of the expense.

It grows more and more obvious that a certain amount of money should be set aside each year for the purchase of new books and equipment and for the making of repairs. If this policy is followed the school property is kept intact and no great outlay is required in any one year.

The cup given by the school boards for the best percentage of attendance has been awarded as follows: once to the Brookline Union School, twice to the Marlboro South School and once to the Adams School in Marlboro.

Besides the regular school visits the superintendent endeavors to keep in touch with the work of the schools by requiring term reports from the teachers and by sending to the teachers frequently circular letters dealing with different phases of school work.

Respectfully submitted,

G. W. POWERS,

Superintendent of Schools.

February 1, 1926.

## NOTICE FOR ANNUAL TOWN MEETING

The legal voters of the town of Newfane, Vt., are hereby notified and warned to meet at Union Hall, Newfane, Vt., on Tuesday, the second day of March next, at 10 o'clock a.m., to act on the following articles, to wit:

Article 1. To elect a moderator and a town clerk.

Article 2. To act upon the auditors' report.

Article 3. To see if the town will authorize the selectmen to appoint one or two road commissioners for the ensuing year, or elect them by ballot.

Article 4. To elect all town officers required by law for the ensuing year.

Article 5. To see how much the town will vote to pay its officers for the ensuing year.

Article 6. To see what sum, if any, the town will appropriate to help defray the expenses of Memorial Day.

Article 7. To see what sum, if any, the town will appropriate for permanent highways, or for resurfacing.

Article 8. To see what sum of money or per cent of the grand list the town will raise by taxation to defray its expenses and liabilities for the ensuing year, and how it shall be collected.

Article 9. To transact any other business that may legally come before said meeting.

H. W. ADAMS,

B. E. MORSE,

H. A. WILLIAMS,

Selectmen.

Newfane, Vt.,  
February 15, 1926.

SIXTY-EIGHTH

ANNUAL REPORT

OF THE

AUDITORS

OF THE TOWN OF

Newfane, Vermont

FOR THE YEAR ENDING

JANUARY 31, 1927

---

BRATTLEBORO:  
PRESS OF E. L. HILDRETH & CO.  
1927

## Town Officers, 1926

Moderator: EARL DAVIS.

Selectmen: H. A. WILLIAMS, H. C. INGRAM, B. E. MORSE.

School Directors: MRS. J. F. WHITAKER, F. O. GOULD,  
F. L. STRATTON.

Road Commissioners: R. H. DEAN, F. L. GOULD.

First Constable and Collector: A. W. PRATT.

Second Constable: S. G. BROWN.

Overseer of Poor: DR. L. B. GORDON.

Auditors: ARTHUR O. HOWE, W. P. EAMES, H. L. KETCHAM.

Town Grand Jurors: E. C. BENEDICT, W. J. WHITE,  
S. G. BROWN.

Town Agent: D. A. BENSON.

Listers: C. K. STEDMAN, W. L. YEAW, W. M. WINCHESTER.

Tree Warden: W. P. EAMES.

Trustees of Moore Free Library: D. A. BENSON, G. B.

WILLIAMS, A. N. SHERMAN, J. E. MORSE,  
W. P. EAMES.

Fence Viewers: J. F. WHITAKER, F. O. GOULD.

Inspectors of Wood and Lumber: A. C. HARVEY,  
F. E. FISHER.

Pound Keeper: J. F. WHITAKER.

from the list of books not desired by the Library to which they were assigned.

It will be necessary for the recipients to come to Brattleboro and get the books or else provide for their packing and shipment, as the Executors will not feel warranted in incurring any expense in making delivery of the books.

Knowing of no better way to bring this request to the attention of those interested we are sending to you, the Representative of your town in the Legislature, this communication and respectfully ask that you place it in the hands of those parties in your town which have charge of the library there, if you have a library.

Parties having charge of town libraries are requested to inform the undersigned within a reasonable time whether or not the Library of their town wishes to share in the division of these books. After it is ascertained where the books are desired steps will be taken to furnish additional information as to books assigned to each library.

Thanking you in advance for your assistance in placing this letter in the hands of those interested in the matter in your town, we are,

Yours truly,

*P. C. Clark*

Co-Executor,  
James H. Tyler Estate.

Montpelier, Vermont,  
February 24, 1927.

Mr. Samuel G. Brown,  
State House.

DEAR SIR:

The will of the late James H. Tyler of Brattleboro provides that the Brattleboro Home for the Aged and Disabled, the Brooks Library and other libraries in the County may receive from the executor such books from his private library as they may desire.

The library contains many books of fiction as well as books on educational, religious, philosophical, scientific, historical, economic and financial topics. The law library is not included in this bequest.

It is the intention of the executor to divide the books into as many groups as there are libraries and institutions which are eligible to share in the division of the books and which desire to receive them, and then furnish to each such library a list of books which have been allotted to it, with the request that any books not desired be marked off from the list and returned to the executor. (Other libraries to the County will be permitted to select such books as they may desire

1. The above information is for the purpose of giving you some idea  
 of the work of the FBI and the Bureau of the Census. It is not  
 intended to be a complete description of the work of the Bureau  
 of the Census. It is only a general outline of the work of the  
 Bureau of the Census. It is not intended to be a complete  
 description of the work of the Bureau of the Census. It is only  
 a general outline of the work of the Bureau of the Census.

Fred Goodell, labor,	19 50
H. A. Williams, cement and lumber,	710 43
L. H. Stellman, reinforcing steel and freight,	597 62

A. Walsh, lumber,	24 19
D. M. Hale, labor, supplies, etc.,	700 59
G. R. Temple, gravel,	4 80
W. J. Pentland, pipe,	20 52
L. W. Bingham, lumber,	56 00
Town of Dover, railing,	9 35
	<hr/>
	\$ 3,091 89

This bridge was completed at a cost of \$3,263, and one-half thereof was repaid by the state. The balance of the cost not here shown is included in Jack Hill Road account, as fill for the bridge was obtained from that road and charged to the state. It was impossible to issue separate orders for the work covering the fill.

#### MILL BRIDGE

Frank Porter, labor,	\$ 13 18

Auditors.

## School Directors' Report

### *To the Citizens of Newfane:*

The usual number of schools has been maintained and four of last year's teachers are still employed. All the teachers are doing good work. The salary policy of the past six years, as outlined in last year's report, has been continued. The state rebate on trained teachers received by the town is based upon the report made at the end of the school year, July first. Although we received \$230 less this year than last we have been paying teachers whose rebate will amount to \$600 next year. In view of this and the fact that we received approximately \$400 less on the grand list this year than we had last year it is not surprising that our disbursements have been greater than our resources.

We had twenty pupils in high school in the fall. There are seventeen this winter. Only two of these are seniors so there is little likelihood of less tuition next year. We receive from the state a rebate of \$25 for each \$60 paid for tuition. Transportation also will probably cost more next year.

The total state rebate for last year's work at Union district was \$218.02. The toilets and alleys at Union schoolhouse were painted this year, the community furnishing the paint. A heating and ventilating system was installed at South Newfane in the fall and the state rebate upon this outlay has been received.

Lightning struck the Williamsville schoolhouse last summer, racking the chimney so the upper part had to be relaid. This was an unforeseen expense but we were fortunate in having the building.

Mr. A. Merrifield resigned from his place on the board in July but the selectmen were able to secure Mr. Frank L.

Stratton for his unexpired term. Mr. Stratton's term of office closes next July, Mr. F. O. Gould's July, 1928.

The members of the board will welcome questions regarding any item or items in the report submitted herewith and answer so far as knowledge permits.

MARY J. WHITAKER,  
Clerk of Board.

## School Superintendent's Report

### *To the Citizens, Windham Central Group:*

The following is the fifth annual report to be submitted by your present superintendent. At the beginning of the present school year the town of Jamaica was added to this group, making a total of nine towns. In this group there is a school population of 588, distributed among thirty-six schools. There are thirty-nine full time teachers and one part time teacher.

From the opening of schools in September until January first, 284 school visits had been made. In making these visits the mileage covered was 2,962 miles. This does not include travel occasioned by attending board meetings, Parent-Teacher meetings, looking up teachers, etc.

This paragraph deals with the eight original towns in this group. There are thirty rural schoolhouses which have been in use at some time during the past five years. Of these, eleven have been thoroughly repaired during this period. Besides this one new building has been erected. Six of these buildings have been rated as "standard" or "superior" by the state department. Since there are only sixteen buildings so rated in Windham County this gives our district more than one-third of the total for the county. All the towns have had to buy some new books, but five towns have commenced to carefully inventory their books and buy systematically and consistently a certain number each year. Five years ago, eight of our rural teachers were teaching on "permits." This year every teacher in the entire district holds a regular certificate. These changes have come rather slowly, but there has been a steady progress which has been encouraging. Much credit is due the

local boards and those interested groups of citizens which have made these achievements possible.

Each year the following suggestion has been made: that a definite amount of money be set aside each year for repairs and book replacement. This cannot be urged too strongly.

The following towns, Jamaica, Wardsboro, Townshend, and Newfane have been fortunate in again having the services of Miss Harriet Davis, dental hygienist. This work is a gift from the Thompson Trust Fund of Brattleboro. Miss Davis' work is proving to be of great value.

The schools in Athens, Brookline, and Grafton benefited from the medical inspection made by Miss Helena Pembroke, a nurse from the Vermont Tuberculosis Association. Following this inspection in Grafton, the local Red Cross with the assistance of the Thompson Trust Fund financed a tonsil and adenoid clinic. Seventeen children were successfully operated on.

A request is being sent to the board of selectmen in each town asking them to insert an article in the warrant for town meeting to see if the town will vote to provide medical inspection for the schools. The expense for such inspection might vary from five dollars in a town like Athens to twenty or twenty-five dollars in a town like Townshend. The work would be under the direction of the local school authorities. The following is quoted from a letter received recently from the state commissioner of education:

"It seems to me most desirable for towns to do this (vote for medical inspection) in view of the fact that the health of the school children is so important. I believe that a great deal of time and effort on the part of teachers and pupils is wasted because of preventable diseases and physical defects. It is really a measure of economy, therefore, for any town to take measures to assure the best possible health conditions in its schools. Over and over again it has been proven that medical inspection and attention to the health

of school children is very profitable as well as being of the greatest value to the children themselves. I sincerely hope that the towns under your supervision may take such wise and desirable action."

A word of commendation should be said for the excellent work of the Parent-Teacher associations at Newfane village and Williamsville. Without the help of the association at Newfane village it would be very difficult to keep the "superior" rating. The association at Williamsville is working along a little different lines, but none the less effectively. In the Union District the Farmers' Club takes the place of a Parent-Teacher association. It was through the efforts of the club that the school was standardized and successful in winning the Proctor prize. School boards from several of the neighboring towns have visited this school to see the possibilities of an old school building when properly remodeled.

In closing this report the superintendent would like to call your attention again to the fact that our schools ought not to lag behind the other activities of our busy and progressive world. We demand radios for our homes; we equip our houses with electric lights and modern conveniences wherever possible; we are anxious for the automobile with the latest improvements. We are too much inclined to feel that the school equipment of one or two or more generations ago is good enough. A large amount of progress has been made, but there is yet much to be accomplished.

Respectfully submitted,

G. W. POWERS,

Superintendent of Schools.

## NOTICE FOR ANNUAL TOWN MEETING

The legal voters of the town of Newfane, Vt., are hereby notified and warned to meet at Union Hall, Newfane, Vt., on Tuesday, the first day of March next, at 10 o'clock a.m., to act on the following articles, to wit:

Article 1. To elect a moderator and a town clerk.

Article 2. To act upon the auditors' report.

Article 3. To see if the town will authorize the selectmen to appoint one or two road commissioners for the ensuing year, or elect them by ballot.

Article 4. To elect all town officers required by law for the ensuing year.

Article 5. To see how much the town will vote to pay its officers for the ensuing year.

Article 6. To see what sum, if any, the town will appropriate to help defray the expenses of Memorial Day.

Article 7. To see what sum, if any, the town will appropriate for permanent highways, or for resurfacing.

Article 8. To see what sum of money or per cent of the grand list the town will raise by taxation to defray its expenses and liabilities for the ensuing year, and how it shall be collected.

Article 9. To see if the town will appropriate any money to improve and repair the school property in Williamsville.

Article 10. To see what action the town will take on plowing state road from Williamsville station to the Townsend line. *Passed*

Article 11. To see what action the town will take on plowing the road from Williamsville station to the Dover line.

Article 12. To see if the town will vote to instruct its school board to provide medical inspection for the public schools in accordance with Chapter 64 and Section 1313 of the General Laws of Vermont.

Article 13. To see if the town will vote to elect or appoint a committee to locate and mark the unmarked graves in Newfane, Vt., of the soldiers of the Civil War; and to appropriate money to defray the expenses of said committee.

Article 14. To transact any other business that may legally come before said meeting.

H. C. INGRAM,

B. E. MORSE,

H. A. WILLIAMS,

Selectmen.
